Mackey, is riding that city of its undesirable citizens. Captain William Clephane resumed his duties on the ferry Laurence last Saturday, after three weeks illness. Mr. M. C. Ellis, of Mt. The new home of Joe Cooper in the Gerta neighborhood is one of the best and handsomest residences in Huntington township. It is modern in every particular, and Mr. Cooper certainly has a home to be proud of.

TOMORROW'S SUNDAY SCHOOL LESSON.

The Sphere of Women.

(Luke 8:1-3; 9:37-42; 10:38-42.) Luke alone brings some of these things to our attention. He finds a place in his Gospel of Christ to tell women did. He was not a suffragist, yet he might have been one had there been suffragettes presenting their cause to him. Doubtless some women think they are doing a great service to humanity when they press the claims of their sisters for a vote. And maybe our Maysville County suffragettes think their task is so great they are excused from doing any very active work in the church itself. Women have done so much and are doing so much in maintaining the church that even a suggestion of their not doing so seems out of place. To prove this step into any church in Maysville next Sunday and see which number the most—men or women. But what we are driving at in this paragraph is that some women who count themselves religious or Christians have so many other things take their time they have no time for the church itself.

In this lesson these women, Mary,

THE LIVING PICTURE

is our idea of a successful portrait. This means a study of the character and mood of the sitter—as well as of the features—and the facilities for interpreting them.

Our studio equipment is up-to-date, and the entire studio surroundings are designed to put the sitter at ease, enabling us to catch the living, natural, everyday expression. If this is your idea of a portrait, you will appreciate our work.

Broosee

The Photographer in Your Town

Joanna and Susanna, and many others, actually supported the cause while Jesus was training his disciples for their work. They gave of their substance. Oh, they could have said: "Let the men do this. It is their work, etc.," and then have given themselves to society or other claims. Of course, it is men's work to pay bills, but that never relieves the women of their share of the support. God bless the Ladies Aid Societies and the Boreas Societies for the support they have given the church in the past. There are several live societies in this county but all of them could find work for the other women who do not now come. Do not think you are above such service. Joanna found time for and pleasure in the service she rendered. These women considered the support of Christ and his cause of the greatest importance and when we come to view it that way, the church will not go limping along for lack of support in a city like Maysville where there are society women enough to support a Charity Ball or receptions which cost both those who go and those who give it more than these same women give for the cause of Christ for a whole year. Some things may be alright in themselves, but when these things make the church take a second place they are wrong.

The last section of the lesson contrasts Martha's and Mary's attitude toward Christ. It is not only service of the hands and pocket book Jesus asks of women but service of the head and heart also.

What a power woman has been in the past, is now and always will be! But, we can scarcely realize what wonderful progress towards righteousness this old world would have made had there been more Marys, who in devotion, sat at the feet of Jesus to learn His spirit and His will. In any church in this county you will find five Marys to one Martha. The extra cooking, the extra housework and the extras demanded by society will not be remembered long by those for whom it is done or by whom it is done, but the spirit of worship received by doing Mary's part will continue in its influence forever.

May the time come when Maysville has more Marys than Marthas in their view of Christ and His church.

Some men imagine they are polished when they are merely slippery.

Men Fight On Their Stomachs

Napoleon so said. A man with a weak stomach is pretty sure to be a poor fighter. It is difficult—almost impossible—for anyone, man or woman, if digestion is poor, to succeed in business or socially—or to enjoy life. In tablet or liquid form

Dr. Pierce's Golden Medical Discovery

helps weak stomachs to strong, healthy action—helps men to digest the food that makes the good, rich, red blood which nourishes the entire body. This vegetable remedy, to a great extent, puts the liver into activity—oil the machinery of the human system so that those who spend their working hours at the desk, behind the counter, or in the home are rejuvenated into vigorous health.

Has brought relief to many thousands every year for over forty years. It can relieve you and doubtless restore to you your former health and strength. At least you owe it to yourself to give it a trial. Sold by Medicine Dealers or send for trial box of Tablets—Dr. Pierce's Invalids' Hotel & Surgical Institute, Buffalo, N.Y.

The readers of this paper will be pleased to see that there is at least one dedicated citizen who has been able to cure his catarrh, and that Catarrh, Haul's Catarrh is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Haul's Catarrh is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for anyone that it fails to cure. Send for literature.

ELECTRIC SIGNS!

The distinguishing air of quality which a first-class Electric Sign gives to a store is the element which gives a sign its greatest value as an advertising medium and investment. The impression it makes is good. It blazes forth to the public that there is business enterprise, merchandise and methods up-to-date. It affects the entire atmosphere of the business district. The stranger says, "It is a live town," and publishes it abroad. It is the Sign of the Times.
